STAT

SUBJECT: Proposal to Change ICS Registry
Hours of Operation

I have looked at your proposal to change the Registry's hours, and I do not think we should make that change now. My experience has been that the nature of this business is such that it is very difficult to anticipate late requirements for Registry support, and it may not be practical to change the hours even after [REDACTED] comes on board.

STAT

I would encourage you to look into options which allow Registry personnel to stagger their hours and to have only a skeleton crew available from 5:00-6:00. Therefore, I think closing at 5:15 is not in the best interest of the staff.
